

EXECUTIVE SUMMARY

The Draft Generic Environmental Impact Statement (DGEIS) for the Boght Road-Columbia Street Area in the Town of Colonie was accepted as complete by the Town of Colonie Planning Board on February 7, 1989. The 34 day comment period deadline was March 13, 1989. A public hearing for the project was held on March 2, 1989 at 7:00 P.M. in the Town of Colonie Town Hall.

The Final Generic Environmental Impact Statement (FGEIS) serves as an addendum to the DGEIS in that it contains all official comments on the DGEIS, the Lead Agency's responses to substantive comments, and revisions made to the DGEIS subsequent to filing and public review. Therefore, the FGEIS is comprised of this addendum, in addition to the DGEIS (by reference) as amended by revisions set forth in Appendix I.

Four (4) agencies submitted written comments, twenty-seven (27) persons submitted written comments, and eleven (11) persons provided verbal comments at or after the public hearing regarding the DGEIS. All substantive comments that were submitted have been addressed in this document.
